

## Installing the Autochartist MT5 Plugin

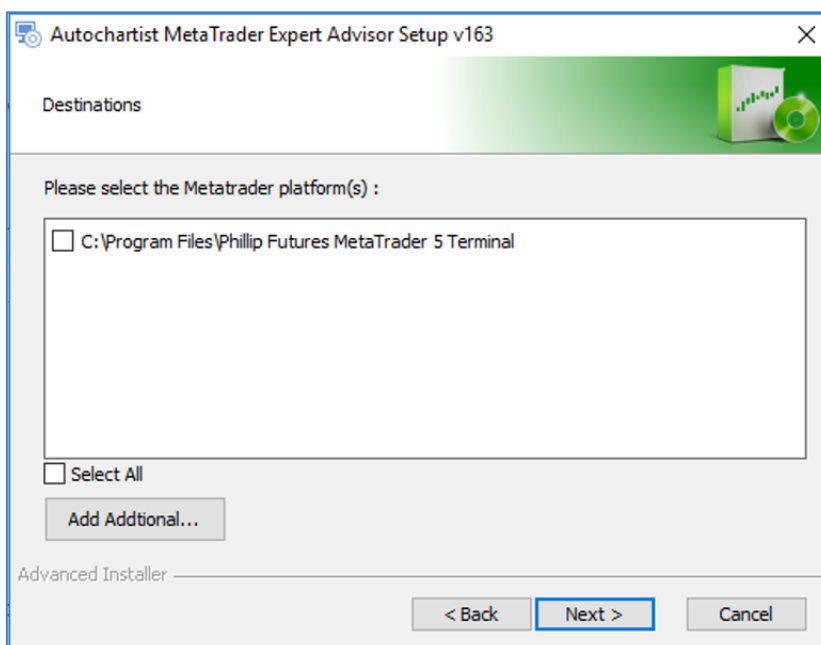

### Step 1

Select your preferred language.

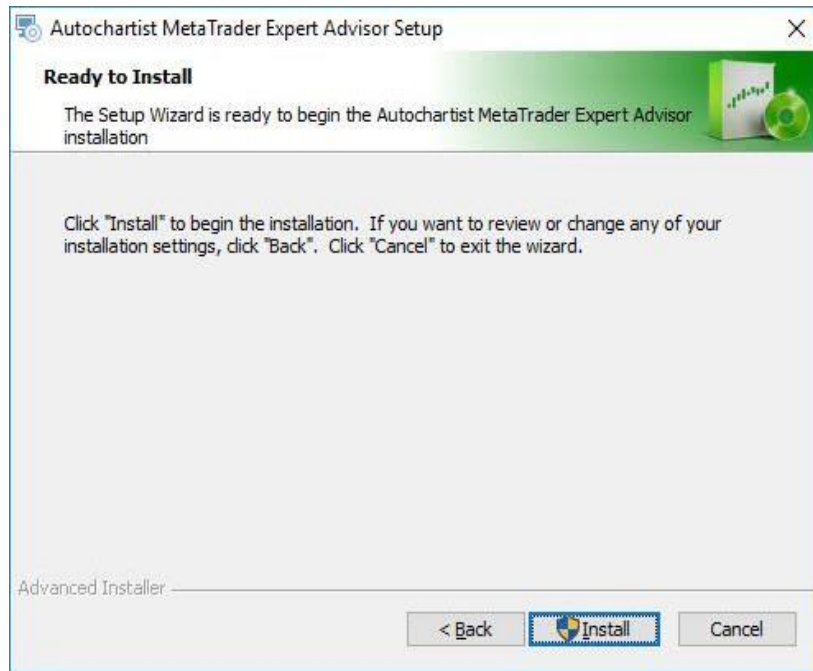

### Step 2

After the welcome and disclaimer windows, the installer will **check for previous installations of MetaTrader and display them in a list**. Tick the **check box** next to the Phillip MetaTrader 5 platform to proceed to install the plugin. However, if your MetaTrader platform is **NOT** listed, please see the **Trouble Shooting Section**

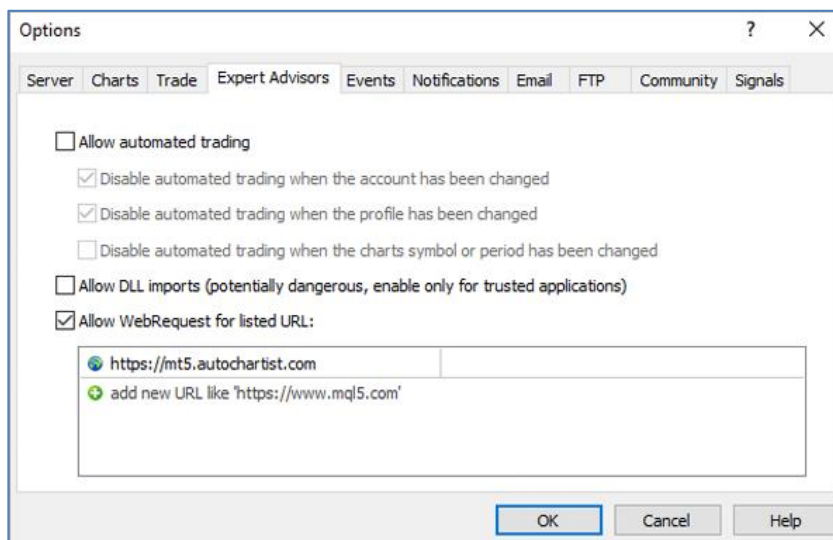

### Step 3

Click Install. Then, click Finish.

### Step 4

- 1) Open MetaTrader 5
- 2) Click on **Tools** in the menu
- 3) Click **Options**
- 4) Click **Experts Advisors** tab
- 5) Tick the box next to "**Allow WebRequest for the listed URL:**"
- 6) Double click on "**add new URL**" and paste or type: <https://mt5.autochartist.com>
- 7) Click **OK**

### Step 5

Open MetaTrader and drop the Autochartist MetaTrader Plugin onto a chart.
